

Ebrahim Jamali

Islamabad, Pakistan • +92 323 812956 • jamaliyaati@gmail.com

Passionate developer, photographer, and visual storyteller dedicated to creating meaningful, purpose-driven work that blends deep technical execution with creative design. Experienced across multiple domains, combining technical skills like custom scripting and 3D modeling with creative expertise in videography and digital communications. Proven track record of high-level community impact, international climate advocacy, and operational coordination in humanitarian crises.

EXPERIENCE

Freelance Developer & 3D Modeler

Apr 2023 – Present

Self-Employed (Remote)

- Designed, optimized, and implemented custom vehicle assets and precise 3D models for automated FiveM environments.
- Developed and modified custom server-side scripts to refine gameplay mechanics, optimize infrastructure, and boost overall user experience.
- Collaborated closely with server stakeholders to capture project parameters and deliver tailored software and model configurations.

Volunteer Organizer

Aug 2022 – Present

Madat Balochistan (Non-Profit / Hybrid)

- Spearhead comprehensive public outreach campaigns and manage digital communications to scale the platform's humanitarian footprint globally.
- Produce impactful multimedia content, videography, and photography assets to engage diverse community donors and amplify active program initiatives.
- Drive strategic fundraising workflows, secure cross-regional partnerships, and advocate directly for sustainable regional development at global collaborative forums.

Climate Research Volunteer

Dec 2024 – Dec 2025

Fridays For Future Pakistan (Remote Internship)

- Researched and cataloged systemic root causes, structural variables, and direct environmental impacts of climate-driven disasters within Pakistan.
- Synthesized complex climate data points into digestible educational content and asset copy for national digital awareness campaigns.

Youth Delegate

Nov 2024

UN Climate Change (COP29) – Baku, Azerbaijan

- Represented Evangelisches Studienwerk at the UNFCCC Conference of the Parties (COP29) to push for transparent youth framework inclusion.
- Engaged alongside international focus groups to advocate for human rights integration, actionable environmental equity, and policy accountability.

Social Media Marketing Intern

Aug 2023 – Oct 2023

CollegeSync.Co (Remote)

- Optimized target client outreach funnels through structured B2B community communication strategy, directly scaling incoming corporate queries.
- Managed baseline content schedules and analytics reporting to maintain strong visual and branding continuity across primary social channels.

EDUCATION

A Levels (Computer Science)

Sep 2024 – May 2026

Beaconhouse School System

- **Activities:** Videography Club, Sci-Tech Club, Sports Core (Varsity Football Team), Community Service Core.

O Levels (Computer Science)

Aug 2021 – Jun 2023

The City School

- **Activities:** Media Club (Videography and Photography Lead), Football Team.
